May is a significant month in the life of the Penn Club. It's the time of year where we prepare our budgets, schedule summer maintenance and start to plan for the fall. It is also a time when the Club assesses its board and committee needs for the coming operating year. For you as members, it is a time to consider becoming more involved in your Club. Our leaders are always looking for new committee volunteers. The strength of our committees ensures that the Club remains a vibrant part of our members' lives. If you have any interest in exploring how to become more involved, please let me know. There is one committee that you are already a member of, and that is the Membership Committee. Every private club considers its existing members to be involved in its membership growth efforts. You are the greatest advocates for The Penn Club. Your experience as a member makes you the ideal spokesperson to our prospective members.

On behalf of all of us here at the Club, we hope to see you often at your home-away-from-home in New York.

– R. Mark Jezierski
